## THE PROGRESS OF THE REVIVAL.

Large Congregations and Good Interest.

The general revival services, which had been prepared for, commenced in all the Protestant Churches, on Sunday last (with the exception of the Southern Presbyterian Church.)

As a rule large congregations attended and a deep solemnity characterized the meetings. The preaching has been solemn, direct and of searching personal character, and has been listened to with profound attention.

We summarize the visible results up to the time our paper went to press on Friday evening:

Ascension Church—The regular Lenten services have been held by the rector, Rev. A. B. Chinn. Large congregations have attended each service afternoon and evening.

Christian Church—Rev. C. R. Hudson, the pastor, has preached each evening at 7:30 o'clock, and has been assisted by Prof. F. H. Cappa and wife (sweet singers of Israel). Fine congregations and deep solemnity.

First Baptist Church—Rev. Preston Blake, D. D., of Lexington, has been assisting Past. M. B. Adams. Services have been held each afternoon and evening. Good congregations have attended the afternoon services, but in the evening the seating capacity of the large audience room has been taxed to accommodate the audiences in attendance. Great solemnity has characterized the meetings.

Methodist Church—Rev. J. O. A. Vaughn, the pastor, has been doing the preaching. Unusually good audiences have been present and a fine feeling has been manifested.

First Presbyterian Church—Rev. Donald McDonald, D. D., has been assisting Rev. J. McClusky Blayney, D. D., the pastor. Fine audiences have greeted the ministers, and much good has been done.

Owing to the fact that Rev. Wm. Crowe, the pastor of the Southern Presbyterian Church, has just closed a protracted meeting in Missouri, he has been compelled to take a rest, and has not held any services in his church.

## A NARROW ESCAPE.

This afternoon at 1 o'clock, Capt. D. W. Shedd, Master of U. S. S., Gen. O. M. Poe, M. W. Pryor, pilot; Sam Watson, Engineer of Derrick boat and Chas. E. Covert, of Dredge boat, were going through the cut at Lock No. 10 to place some dynamite in parts of wall that had tumbled in the ruin. Their skiff struck an obstruction, a log or stump having lodged at the entrance, and skiff was capsized in a twinkling, throwing all in the river. Fortunately all got out. The captain was struck by the skiff overturning on him, and quite severely hurt. He went down twice before rescued. Sam Watson, also, it was a close call for all. All had to swim to get out. The skiff was lost, also the battery, dynamite, etc. The skiff was caught a mile below the disaster, badly broken. Some negro laborers pulled the men out of the river. —Winchester Sun-Sentinel, March 23.

## "WINTER DONE BROKE."

It is an old saw that "all signs fail in dry weather," but we hope the latest sign that "winter done broke," in the fact that several flocks of wild geese have been passing north, will not fail, and that we have had the last of the cold weather.

## WON BIG VICTORY.

Messrs. E. H. Taylor, Jr. & Sons Win After Hard Fight.

On Friday of last week Messrs. E. H. Taylor, Jr. & Sons won their suit, in the Court of Appeals, against Mr. Marion E. Taylor (and the late firm of Wright & Taylor), of Louisville.

For many years this concern has been selling whisky under the brand of "Old Taylor," and representing that it was straight goods, when in truth it was a blend (and they were also representing themselves as distillers, when in fact they never owned a distillery).

Of course they were thus able to sell their goods for less money than the real "Old Taylor" could be sold for.

Messrs. E. H. Taylor, Jr. & Sons sued out an injunction to restrain these parties from representing their goods as genuine "Old Taylor" and for damages for an infringement of their trademark, which (Taylor & Sons) had labored so successfully to put on the market and which was so valuable.

They also prayed the court for an accounting of profits realized by the infringement.

In the lower court Messrs. Taylor & Sons were defeated, but, upon appeal to the Court of Appeals, Chief Justice Hobson handed down the decision which gives them the relief asked, and limits the proper steps for them to take in order to the proper accounting for damages and profits.

This is a big victory for straight dealing and the protection of trade-marks, which has been long needed by Kentucky distillers. The total amount involved is in the region of \$300,000.

Ten thousand demons gnawing away at one's vitals couldn't be much worse than the tortures of itching piles. Yet there's a cure. Doan's Ointment never fails.

## EX-GOV. PRESTON H. LESLIE.

The many friends and admirers of that sturdy, upright, Christian gentleman, Ex-Gov. P. H. Leslie, will read the following clipping with great pleasure. Better than all is the fact that, notwithstanding the heavy pressure of State affairs, during his service as Governor, Gov. Leslie was never too busy to attend prayer-meetings and other services of the church to which he belonged. He is a humble, earnest Christian:

"To-day the Record extends to Governor Preston H. Leslie its sincere and heartfelt congratulations; to-day Gov. Leslie celebrates the eighty-sixth anniversary of his birth. Hale and hearty, with mental and physical faculties unimpaired by the passing of years, Governor Leslie is with us, the personification of the highest that is in American citizenship. Twice Governor of Kentucky Mr. Leslie came to Montana under appointment as its last territorial Governor. Other public service almost without limit, Governor Leslie has seen. In his native State he was prominent in State affairs; in Montana he served with distinction in various ways. For sixty-five years Governor Leslie has been a lawyer, and the gratifying thing about it is that to-day he is just as good a lawyer as ever he was and just a little better. If there be need of disproving Dr. Osler's theory that old men are unfit for the life's work, Montana would present for the doctor's consideration the case of Preston H. Leslie, one of the State's honored and best loved citizens."

—AND—

## Queen Quality

OXFORDS. Patent leather, gun metal and tan Russia calf, are the prevailing leathers, while the pump and two eyelet Gibson blucher are the smartest of the new styles. Then there is a variety of styles here hardly equalled by the larger city stores. Look at them as shown in our show window. You will find there an exhibition of what's what in new spring footwear, such as can only be seen at McClure's, in this section of the country.

Laird, Schober & Co.'s Oxfords, \$5.00.

## R. K. MCCLURE & SON

## HAD A FALL.

Mr. Wm. Cleveland, the miller at the John Cochran & Co. distillery, was so unfortunate as to have a fall from a platform at that distillery, on Tuesday, sustaining a strained back and considerable bruises, rendering it necessary to remove him to the King's Daughters Hospital. His injuries are painful, but not serious.

## BLAZE TUESDAY NIGHT.

An alarm from box 80, at 10:15 on Tuesday night, called the department to the cottage of Congleton Bros., on North Wilkinson street, where an overturned lamp started a small blaze. It was quickly extinguished, with a loss of some \$25 to \$50.

## NEW BONIFACES.

It is announced that "mine host" C. C. Hazelrigg will retire from the management of Hotel Fleming on Saturday next, April 1, and that Messrs. Alex. Schneider and Moritz Busam have secured the lease upon this popular hostelry, and will take charge at that time.

## APRIL TERM OF CIRCUIT COURT.

The April term of the circuit court will meet on Monday week, April 3. There is the smallest docket for a long time, the largest part of the docket being composed of suits against rectifiers for failing to list and pay taxes on the output of their establishments.

**Dr. Weaver's Syrup**  
Purifies the blood; cures skin and eye diseases.

## INCREASING CAPACITY.

The lead works at Kissinger, near Switzer, this county, are proving so profitable that the company which is operating the same are making preparations to put in a \$15,000 addition to their plant. The entire output of the establishment, lead and by products, have been sold a year in advance, and the works are running full time in order to supply the demand.

## BUYS OUT STOCK.

The sale of the stock of the firm of Mangan & Darnell, was commenced on Tuesday last, and after a short while, the heirs of Mr. L. Mangan accepted the bid of Mr. Jas. S. Darnell, the surviving partner, for all the vehicles, horses, etc. The price paid was \$6,000. The building was not sold.

## CLIMATIC CURES.

The influence of climatic conditions in the cure of consumption is very much overdrawn. The poor patient, and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest, and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer climate, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all druggists.

**HARTSTEIN**—In an infirmary, in Louisville, on Wednesday, Mr. Abe Hartstein, aged about 50 years.

Mr. Hartstein came to this city quite a number of years ago with his brother and opened a notion store, on Main, in the Mansion House Block. After a time they removed to Lexington. Later the one whose death we chronicle came back here and opened a like establishment in the store room now occupied by Messrs. R. K. McClure & Son with their clothing department. Failing health caused him to close up his business and take a sea voyage to restore it. Returning he accepted a place with Mr. Fred Jacobs, in his Versailles store. For some months he had steadily declined in health and had gone to Louisville for treatment.

He was a clever and popular business man, making friends wherever he went.  
The news of his death will cause sadness in many hearts here.

[For the Roundabout]  
OUR FRIENDS.

Yes, our bird friends are coming back now.  
Soon will be complete, the feathered band.  
Each day now adds a new face or note.  
To their let's extend the glad hand.  
The red-head woodpecker's resonant knock.  
Upon lofty oak door, I was glad to hear.  
For our woodland is far from complete.  
Without his gaudy coat, and clarion scold.

In the porch Jenny wren, was very busy to-day.  
Hunting house, but never a word of rent.  
And many consultations o'er it, had they.  
Well! to have her as free tenant I'm content.

And then the trim little blue bird, With his coat of cerulean hue  
When he gets here, with soft sweet notes,  
That's winter's gone, will tell you true.

March 3, 1905.

### "LE BON TEMPS VIENDRA."

I saw the red-breasted robin to-day.  
The early harbinger of coming spring.  
And I know he has come to stay.  
For of the South, I heard him sweetly sing.

Yes, I heard him warble it o'er and o'er.  
Said winter's rule would soon be over.  
That sunny skies, flowers, and warm South wind  
Were coming, for they were just behind.

That he heard from his flight, in the higher way  
The children, all day long, laughing in their play.  
The playful lambs, it was a glad-some sight.  
The farmer in his field, from early morn 'till night.

So, now forget the frost king's long stay  
For, now he'll have to move on, most any day.  
For they are coming, the flowers and sweet thyme.  
Then we'll have "The good old summer time."

### A FOOLISH PLAN

'Tis a joy to eat—I welcome my dinner hour;  
Because I rout indigestion with August Flower!  
Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.  
"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."  
What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.  
August Flower gives new life to the liver and insures healthy stools.  
Two sizes, 25c and 75c. All druggists.

FRANKFORT, MARCH 25, 1905

### TO OUR PATRONS.

Some weeks ago we sent notices to those of our patrons, who were in arrears for the Roundabout, as to the amount, and requesting settlement. We are glad to say that quite a large number of them have responded.

To those who are still in arrears we wish to give notice that we shall be compelled to stop their papers in the near future if they do not settle. Kindly bear this in mind and square up. tf.

### AMENDE HONORABLE.

In our notice of the banquet given by the Baraca Class of the First Baptist Church, on Thursday night of last week, we unintentionally omitted to mention the fact that the young ladies of the Church served the banquet in elegant style, not having a jar or a particle of confusion from start to finish, and they moved through it all with the grace characteristic of Frankfort girls, and a prettier and sweeter looking bevy of girls can not be found in this section of country.

To these ladies and to those others who planned and prepared the banquet is due the splendid success of the whole affair.

We must not forget, also, to state that the Frankfort Orchestra furnished delightful music throughout the evening.

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

### Lost Reason After LaGrippe.

### Daughter Had Frequent Spasms.

### Dr. Miles' Nervine Cured Them Both.

Dr. Miles' Nervine is a specific for nervous disorders. It removes that husk and effects a speedy and permanent cure.

"I feel it is my duty to let you know that your medicines have cured my little girl of a case of spasms. She commenced having them at the age of three. Our family doctor said she would outgrow them but she did not. We took her to another physician who said her trouble was epileptic fits in a mild form. He did her no good either. She was so nervous she could hardly walk. As I had already used Dr. Miles' Nervine and found it a good remedy for myself I commenced giving it to my child. I gave her in all ten bottles of the Nervine and one of the blood purifier. That was over two years ago and she has not had an attack since we commenced the treatment. She is no longer troubled with nervousness and we consider her permanently cured. I enclose her picture. My thirteen-year-old son was also in bed for three months from the effects of LaGrippe. Six bottles of Dr. Miles' Nervine cured her. My sister has also taken it for sick headache with good results. We all thank you very much for your good medicines and kind advice. I don't think there is any other medicine half so good. I send my daughter's photograph so that you may see what a sweet little girl lives out in Arkansas."—Mrs. HANNAH BARKETT, Springdale, Ark.

### "POSTOFFICE."

There is hegulement in the story of Rhoda's first party to which Florence Tinsley Cox, in the April McClure's, makes this recent addition to the numerous family of magazine children. This dear little girl made her first courtesy to the public in "The Old Major." There were games at the party. One of them was a strange new game called "Post-office." It began by a little girl leaving the room mysteriously, and carrying a little boy out into the hall to receive a letter.

"There's a letter in the post-office for Davie Williams," she cried in a shrill, high voice that sounded frightened.

"All the other little girls laughed. Davie Williams grew very red in the face, but he went out for his letter, and closed the door carefully behind him.

"I wondered why he stayed so long, and what they could possibly be doing behind the door. It was very exciting. More little girls went out, and more little boys. Then Theodore Otway went out, and I heard my name.

He was waiting for me with his hands in his pockets.

"Hello," he said in a diffident way.

"Hello," I answered, shyly fingering my hair.

"I looked about for the wonderful something which I had come to see. There was nothing, only the hall and Theodore Otway, still with his hands in his pockets. Strange to say, he seemed embarrassed. He fidgeted.

Still it was nice out in the hall."

Croup instantly relieved. Dr. Thomas' Electric Oil. Perfectly safe. Never fails. At any drug store.

### U. S. COURT ADJOURNS.

The U. S. Court, which has been in session here for two weeks, closed up its business on Thursday evening and adjourned.

The last case tried was that of Rogers v. C. & O. Ry. Co. and Pullman Car Co., in which Mrs. Rogers claimed damages for being forced to change cars while the train was running at a high rate of speed, whereupon she was thrown against the seats etc., her back being seriously if not permanently injured. She won a verdict of \$3,000.

### DR. WILLIAMS UPSET.

While en route from the country, on Saturday night, Dr. U. V. Williams had his buggy upset and was considerably bruised about the head and side. The Doctor remarked to his Sunday-school, on Sunday morning, that he "had not been fighting, even if his head and eyes were bunged up."

### "THE WIZARD OF OZ."

Hamlin & Mitchell's Great Spectacular Extravaganza Comes to Capital Theatre Wednesday Night, March 29, For One Performance.

The Capital Theatre is evidently in for a record-breaking engagement with the "Wizard of Oz," which is to be seen at that house next Wednesday, March 29. The enormous business that this attraction is doing this season is really phenomenal and probably no other performance could quite succeed in drawing so universally well. "The Wizard" possesses so many elements of success that it is little to be wondered at that it has become so attractive and so popular with American theatre-goers. Music, comedy and extravaganza are so adroitly intermixed that the result is an entertainment that is pleasing to all classes. Frank Baum's book of fairy stories lends itself admirably to the purposes of extravaganza, and in "The Wizard" every advantage has been taken of the opportunities to provide a performance that can be scarcely described otherwise than as extraordinary.

There are several scenic effects in "The Wizard" that would make it "talked about" if there was nothing more. One of these is the cyclone which comes at the very beginning of the play. And, by the way, it behooves all to be in the theatre early, as the performance begins at EIGHT O'CLOCK AND THE CYCLONE COMES WITHIN FIVE MINUTES AFTER THE RISE OF THE CURTAIN. The cyclone is most realistically managed by the aid of electricity, and is one of the most startling scenes ever put on the stage. Next to this comes the scene showing the field of poppies, the flowers being represented by human figures. A snowstorm comes up, the flowers are blighted, and the tropical scene is gradually changed into one of winter. No mention of "The Wizard of Oz" would be complete without dwelling on the performances of the Tin Woodman and the Scarecrow. These are two creations that are absolutely new to the stage and they have undoubtedly done much towards the success of "The Wizard," in fact they form the very backbone of the entertainment. The company is a large one and the chorus, it is said, is made up of the prettiest girls that will be seen in this city for a long time, and when it is stated that they have been trained by Julian Mitchell no further proof of their excellent work will be necessary.

Advance sale of seats opens at Barrett's Monday morning at 7 o'clock. Prices: Box seats, \$2; entire lower floor, \$1.50; entire balcony reserved, first and second rows, \$1; remainder of balcony, 75 cents; entire gallery, 50 cents.

### KENTUCKY EDUCATIONAL ASSOCIATION

Will Meet at Mammoth Cave, Ky., on June 21, 22, 23, 1905.

The approaching meeting of the Kentucky Educational Association at Mammoth Cave, in June, will doubtless be a record-breaker. The double attraction of seeing the greatest natural curiosity in the world, and at the same time attending the largest and most enthusiastic educational meeting in the history of State educational associations, will draw many who have not heretofore attended.

There will be present large bodies of teachers from all adjoining States, and certainly no Kentucky teacher will allow so excellent an opportunity to pass without making effort to avail himself of its advantages.

The program which is being prepared, will be most elaborate. Among the speakers who will address the teachers, are the following: Governor J. C. W. Beckham, of Kentucky; Dr. John W. Cook, of DeKalb, Illinois; Dr. Henry G. Williams, of Athens, Ohio; State Superintendent W. T. Carrington, of Missouri; State Superintendent F. A. Cotton, of Indiana; State Superintendent A. Myrders, of Tennessee; State Superintendent Isaac W. Hill, of Alabama; State Superintendent Thos. C. Miller, of West Virginia; State Superintendent Jas. H. Fuqua, of Kentucky, and various other prominent educators.

The Watch-Word at this meeting will be "State Normal Schools" and the characteristic feature of the meeting will be the organization of the teachers into a Federation, or Union, the fundamental principles of which shall be:

1. To place teaching on a professional basis.
2. To remove the management of public schools from the influence of partisan politics, sectarianism, or personalities.
3. To educate public opinion in favor of:
  - (a) Better schools and better trained teachers.
  - (b) Better schoolhouses and better equipment.
  - (c) Longer terms and larger salaries.
4. To serve as a means of disseminating the views of teachers in every corner of the Commonwealth.
5. To serve as a medium of intelligent and sympathetic communication between the "People's School," and the "People's Representatives" in the Kentucky General Assembly.

All railroads offer one and one-third fares for the round trip. The Mammoth Cave Hotel offers a rate of \$1.50 per day. The Cave Agent offers half rates in the cave, or Long Route \$1.50; Short Route \$1.00.

Boat rates from all landings on Green and Barren rivers between Evansville and Bowling Green will be one fare for the round trip. For further information, address

M. O. WINFREY,  
President Kentucky Educational Association, Middlesborough, Ky.

### STAMPING GROUND.

Mrs. T. R. Spaulding visited her mother, Mrs. Oliver, in Frankfort, this week.

Mr. W. H. Oldham is recovering from an attack of pneumonia.

Miss Mattie Kelly, who has been quite sick, is improving.

Miss Beatrice Duvall, of Cincinnati, visited her parents here this week.

The People's Bank are having their second floor remodeled into office rooms. It was known as Reynolds' Hall.

Died—At his home in this place, on Tuesday, March 14, Esquire John S. Lindsay, aged nearly 85 years. When 18 years of age he joined the Baptist Church and was baptized by the beloved Rev. Jas. D. Black, of suited memory. He had served as sheriff and magistrate of this county. He was an upright, honest and benevolent gentleman, beloved for his many sterling qualities as man and Christian. The funeral services were conducted by his pastor, Rev. G. W. Hill, in the presence of a large concourse of sorrowing friends, on Thursday morning. The remains were taken to Georgetown for interment in the cemetery there. Truly a good man has gone to his reward.

Master Commissioner F. M. Thomason sold the Tilford farm, of 135 acres, on Monday, to Mr. John H. Tilford, at \$85 per acre. At the same time he sold the Joe Bond land, 18 acres, to Mrs. Susan M. Thomason, at \$87.50 per acre.

Mr. Geo. T. Sharp, of this place, was married to Miss Emma Oliver, of Franklin county.

It contains articles on health matters, practical psychology, will power, memory culture, nature cure, mentality, and the development of natural inherent forces for the acquisition of health, happiness and success, and shows the necessity of correct breathing, right thinking and eating, and drinking properly.

### WHY IT SUCCEEDS.

Because it's for One Thing Only, and Frankfort is Learning This.

Nothing can be good for everything. Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They're for sick kidneys. They cure backache, every kidney ill.

Here is Frankfort evidence to prove it.

Mrs. Anna M. Kavanaugh, widow, residing at 50 Main street, corner of Todd, says: "I received no permanent benefit from all the different medicines I took for a number of years past trying to find relief for the intense suffering I endured across the small of my back, seemingly centered in my kidneys. I became, in fact, about tired and discouraged in my efforts to find help. At one time my condition was so bad from congestion of the kidneys that my doctors gave me up; however, I got better, and continued to suffer with the dreadful misery in my back and an annoying and distressing weakness of the kidneys. I read the splendid testimonials about Doan's Kidney Pills in our papers and this induced me to make one more effort. My grandson procured a box for me at J. W. Gayle's drug store, and to my most pleasant surprise they gave me immediate relief, and by continuing the treatment I found myself remarkably improved."

### "DO IT TO-DAY."

The time-worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all drug stores.

### DON'T THINK YOURSELF TO DEATH.

Thousands of people actually think themselves to death every year by allowing their minds to dwell on morbid subjects.

The idea that one has some incipient disease in one's system, the thought of financial ruin, that one is getting on in life without improving prospects—any of these or a thousand similar thoughts may carry a healthy man to a premature grave. A melancholy thought that fixes itself upon one's mind needs as much doctoring as physical disease. It needs to be eradicated from the mind or it will have the same result as a neglected disease.

Every melancholy thought, every morbid notion and every nagging worry should be resisted to the utmost, and the patient should be protected by cheerful thoughts of which there is a bountiful store in every one's possession. Bright companions are cheaper than drugs and plasters.

The morbid condition of mind produces a morbid condition of body, and if the disease does happen to be in the system, it receives every encouragement to develop. We need more mental therapy. —From Suggestion, the New Psychology Magazine.

CERTAINLY TO BE DESIRED

The rumor is quite persistent in this city, that the J. E. M. Milling Co. will shortly re-open that famous mill and resume business here. We earnestly hope this is true. It was an outrage their being so annoyed that they were forced to shut down last year. They employed some thirty or more people and disbursed thousands of dollars in this community every week. We need such enterprises far more than we do the Capitol.

### SPELLING BEE.

Dr. U. V. Williams Offers a Gold Medal for the Best Speller in the City School.

Dr. U. V. Williams will give to the best speller in the white school, open to all grades and high school, a premium of a gold medal, on the following condition: He will select 200 words from a school dictionary, and, on the first Friday in April, as many as desire shall enter the contest. Miss Ward will be selected to give out the words, and each contestant shall have reasonable time to write the word. The contest shall be held in the presence of a committee of three who shall look over and grade the papers.

The ten pupils who shall spell correctly the most words shall, on the next Friday contest—having one hundred (100) words given them—same to be written and handed to the committee before leaving the room. Of these the five spelling the greatest number of words correctly shall contest the next Friday—having the same number (100) one hundred words given them—to be written down and handed in. Of these the two highest shall be given (50) fifty words the next Friday on the same conditions to finally decide the contest.

### FREE NEWSPAPERS IN HOTELS

Ownership Right That Was Not Understood by a Feminine Guest.

"What a brute!" I heard a lady say as I rose from the dinner table in the hotel, says the Chicago Inter Ocean. I did not know that I was the person to whom she referred till after I read, when a friend of mine who was sitting at a table near by spoke of the matter.

"The lady at your table last night thought you were a brute," he remarked, laughingly. "I heard her use the word, but it never occurred to me that I was the person she alluded to. What did I do?" I asked.

"You carried off your newspaper." "Well," I asked, "what of that? It was mine."

"I gathered from what she said to the waiter," continued my friend, "that in the town where she lives the hotel furnishes its guests with the daily papers. They are placed on the tables in the dining-room and are free to all. She supposed all hotels did the same, and that you were carrying off a paper that was common property. She considered you a brute, because she was not accustomed to seeing hotel guests buy their papers."

# THE RECORD OF CONGRESS ON IRRIGATION, FORESTRY AND LAND LAW REFORM.

What has Congress done this winter in the forestry and irrigation cause? Did it do anything of importance in either, or on the public land question? Nothing in any sense spectacular, but yet several things of very considerable importance, and furthermore it refused to do several very bad things which were strongly urged upon it.

After a long struggle of years the law was passed consolidating all of the forestry work of the government into one bureau in the Department of Agriculture; this in place of having it split up among some five various branches in different departments. This gives over 60 million acres of Forest Reserve into the care of the Forestry Bureau of the Department of Agriculture with adequate authority to fairly protect the forests, allow for the cutting and sale of ripe timber, and with power to arrest trespassers, etc.

## SUPPORTING THE RECLAMATION SERVICE.

Several small bills desired by the Reclamation Service to more fully carry out the irrigation law were considered and readily passed by Congress, such as the bill to allow the proceeds from the sales of the vast amount of partly used supplies, at the end of each season, to go back into the "reclamation fund," instead of into the Treasury, thus keeping the fund intact and operating as an incentive to the engineers to take care of their property and realize the most out of it.

The really great legislation of the session, however, was the repeal of the forest reserve lien selection law, thus preventing the location in the future of all forest reserve scrip, so-called, i. e., repealing the right of a man or a corporation owning land within a forest reserve to relinquish it to the government and select "in lieu thereof" any other unreserved nonmineral public land.

## FIRST LONG STEP IN LAND LAW REFORM.

This is a great step forward in land law reform and does away with one of the most notorious and scandalous forms of fraud and graft under the federal land laws. Under this law enormous losses have been put upon the government, the right to select these lien lands having been transferred and resulting in the relinquishment during the past few years of several million acres of comparatively worthless railroad grant and other lands included within forest reserves, and the selection in their place of equal areas of the finest timber lands in the northwest.

## OUTRAGEOUS FRAUDS PERPETRATED.

Denuded slopes not worth 50 cents an acre, or bare mountain sides, acquired under other land laws at a nominal figure simply for the purpose of exchange, have been relinquished and lien selections made, worth, according to the highest official and expert authorities, \$50 and even \$100 an acre. By these transactions the country has lost in the last few years tens of millions of dollars. By the action of Congress this form of graft is now at an end.

The repeal of this lien law and is the first recommendation of the President and his Public Lands Commission. There are three other specific reform recommendations of the President and the Commission and these will be for Congress to act upon at its next session.

## SQUARE MILE HOMESTEAD BILLS DEFEATED.

Another point, however, wherein Congress followed the recommendations of the Commission was in the refusal of the Senate to enact 640 acre homestead laws for Colorado and South Dakota, although the House did its best to secure this square-mile homestead legislation. In defiance of the strong adverse reports of the Commissioner of the General Land Office, the Secretary of the Interior, the Public Lands Commission, along with the special message from the President to Congress endorsing the Commission's recommendation against these bills, and of the strong protest of Chairman Lacey of the House Public Lands Committee, the House of Representatives passed these measures by a vote of nearly three to one.
